Job description

We are looking for a real estate sales that will work with building owners, office real estate development companies, brokers and investment funds to position and sell our products in Europe.

Workero is a one-stop-solution for companies and building owners to manage, optimize and monetize office real estate providing valuable data insights.

The ideal candidate has extensive knowledge on a Belgium / European level of real estate and possesses a solid network with a minimum of 5 years in a similar job within office real estate.

You are eligible to work within Europe and speak fluent English. Only candidates that match the above criteria will be responded to.

For detailed information regarding the position, please send your resume and short introduction to thierry@workero.com

The position is considered as a mid-level position and can be grown into a management position based on success of the build of the department.
